

## Scout Popcorn – Official Scouts Canada Fundraiser!

Get on Board with Scout Popcorn, Scouts Canada's official national fundraiser! This fine product offers high quality, delicious variety, and best of all - excellent value to the purchaser. Popcorn is great for unexpected gifts, or for sharing with friends and family. Youth sell popcorn because they know the return benefits are great activities; best of all, their group works as a team to achieve their own program goals. With Scout Popcorn, everybody wins!

### 4<sup>th</sup> Orleans COLONY B

We understand our Beaver families are most likely in overload with fundraisers. In order to keep costs down for non-profit organizations they are the easiest form of revenue. The leadership team has decided to get involved with the Scout Canada popcorn fundraiser. Our percentage of the profit will go directly to our youth to enhance our program. Should we raise enough money we have a special upcoming event in the Spring planned for our Beavers.

Personally I only buy the Scouts microwave popcorn for my Daycare. Every package pops up tons of delicious, fluffy popcorn (store bought popcorn does not compare). The multi product tins are enormous and offer a super value.

The top 3 youth from our Colony that have the highest sales totals will receive special recognition on our web page, at our meeting, and will be featured in the Busy Beaver Newsletter.

The popcorn orders need to be returned to our Colony no later than October 30<sup>th</sup>. Order should be available for pick up at our December 5<sup>th</sup> meeting just in time for Christmas parties and gifts. *Cheques to be made out to "Scouts Canada"*
